

### BESCHREIBUNG

The lattice structure of the Terra House provides natural lighting, creating a cozy yet open space for play and relaxation. The house is an ideal spot for reading, resting, or engaging in creative play. Additionally, it is designed with aesthetics in mind, making it a beautiful addition to any garden or playground. The natural materials and aesthetic design create a harmonious and inspiring environment. Construction: pine wood boards with a thickness of 2.0 and 2.5 cm, vacuum impregnated; Anchoring: freestanding products and those anchored directly in the ground using a steel anchor.
